

## PRODUCT INFORMATION SHEET: SLP – MER P12

### Description:

Color	: Red
Length	: 2000 mm
Width	: 40, 50 or 500 mm
Thickness	: 12 or 25 mm

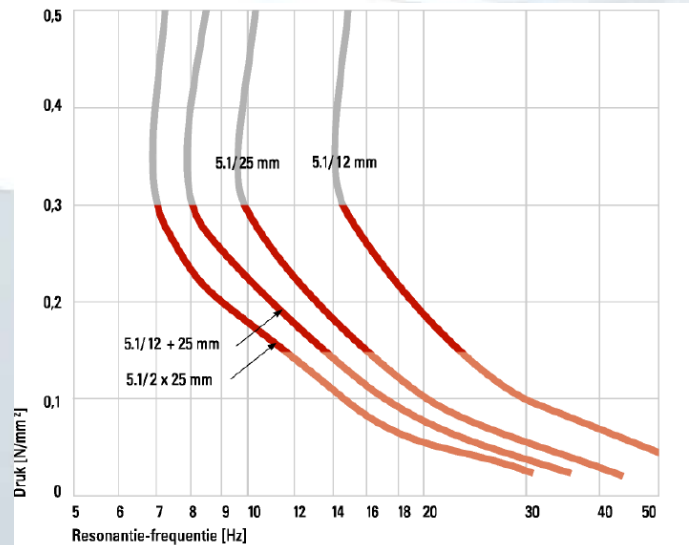

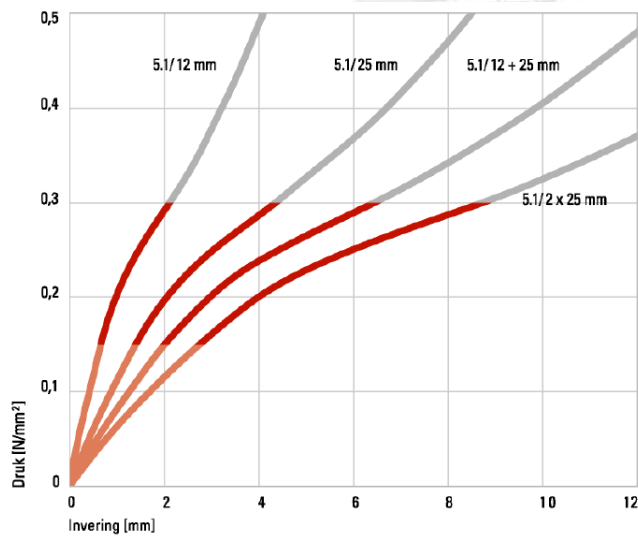

### Description:

SLP – MER P is elastomeric polyurethane used as vibration insulation in marine, yacht building and construction.

### Physical properties:

- Operation load : 0 – 0.30 N/mm<sup>2</sup>
- Static load : 0 – 0.15 N/mm<sup>2</sup>
- Load peaks : 4.0 N/mm<sup>2</sup>
- Density : 510 kg/m<sup>3</sup>
- Mechanical loss factor : 0.16 DIN 53513
- Flammability : B2 DIN 4102
