

## PRODUCT INFORMATION SHEET: SLP – FLAME G

Type:	Density:	Thickness:
SLP – FLAME G, black	12 kg/m <sup>3</sup>	10 – 100 mm
SLP – FLAME G, marine	12 kg/m <sup>3</sup>	10 – 100 mm

### Description:

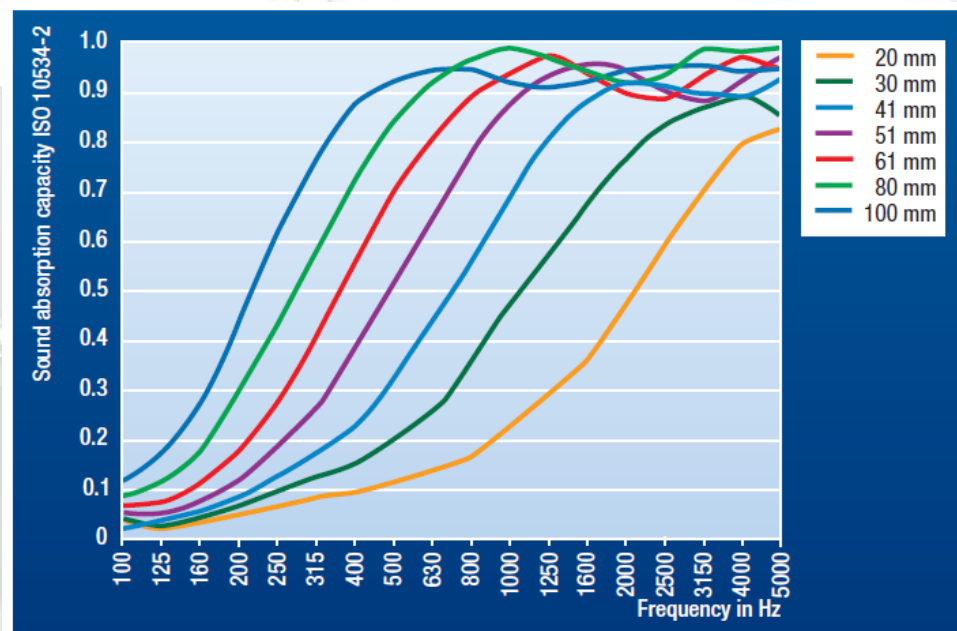

SLP- FLAME G is an oil, water and fire resistant foam with a barrier film of 0.025 mm. In this series is also the SLP- FLAME G marine where the barrier film is replaced by a film white marine finishing.

### CE – Certificate:

SLP-FLAME G materials are in compliance with directive 94/25/EC as amended by 2003/44/EC (ISO 4589-3: 1996) which makes them suited for use in Yacht Building.

### Application:

SLP-FLAME G is a sound absorption sheet to be used in places where resistance to oil and water is of high importance. The finishing protects the foam from aging and provides a smooth surface. Examples of applications are yacht engine rooms, compressors, air ducts, generators, pumps, etc.
